

# JEREMIE BLANC

## FULLSTACK WEB3 DEVELOPER

### PROFILE

---

A passionate developer with expertise in Javascript, React and Solidity. I'm looking for an opportunity in web3 development. With solid experience in optimizing the user experience, I know how to build web3 project with smart contract.

### PERSONAL PROJECTS

---

#### E-commerce website

Website developed with MERN(MongoDB/ExpressJS/React/Node) stack. An admin side for adding and deleting items. A customer side with authentication and shopping cart.

#### NFT Marketplace

Create, sell and buy NFT on the Polygon Mumbai Testnet Network with your Metamask. The metadata of the NFTs are stored on Pinata IPFS.

#### Ticket Event

Create events, buy, sell and transfer tickets on the Polygon Mumbai Testnet Network with your Metamask.

### LANGUAGE

---

English C1

French native
